Taking inspiration from nature, Bamboo has a sculptural grace which balances design with performance. The raised embossed design is influenced by the natural flowing form of bamboo. The white range is available in a comprehensive collection of items. Two feature colours, Dusk and Mist, inspired by shades of the landscape make exciting complementary additions to the range. The colour subtly enhances the linear embossment. Statement pieces in a Studio Prints Raku pooling effect are perfect for elevating premium food presentation, while glass tableware in a subtle Dusk colour adds a new dimension to the Bamboo collection.
With an organic sculptural appearance and impressive performance attributes, Bamboo has its own distinctive style. A modern and delicate embossment combined with long lasting durability and strength.
Modern and delicate for gourmet and casual

The combination of the embossed design and the introduction of colour makes Bamboo the perfect choice for gourmet presentation or casual dining. Statement items and feature colours within the collection can create stunning signature dishes whether presented independently or as an eclectic modern mix with other Churchill products.
Conference and banqueting

Offering a wide collection of items including presentation plates and footed plates for service. Items are lighter, designed to stack and are ideal for large scale dining events. Bamboo also offers a comprehensive beverage range.

BAMBOO CERAMIC FEATURES & BENEFITS

**Super Vitrified Body**
Super Vitrified is a vitreous body that does not absorb moisture, it is more hygienic and has better heat retention properties. Its high resistance to thermal shock helps reduce breakages and provides superior strength.

**Superior Glaze Finish**
Protected by our ecoglaze, a high-performance glaze that enhances product performance, prolonging the life of the product, improving stain and metal mark resistance and durability.

**Hand Decorated**
Coloured Bamboo items are decorated individually by hand, which subtly enhances the linear embossment and makes each piece unique.

**Footed Plates**
Key plate sizes have a foot which can be an essential requirement for banqueting. Elevated from the table, easy to carry and transport, allowing air to flow when stacked.

**Lighter**
Refined thinner profiles reduce the weight of each item. Easy to handle and excellent stackability reduces storage space back of house.

**Fully Glazed Base on all Flatware**
Prevents damage when stacking.

**Improved Face Profile**
A defined rim edge to improve food presentation.

**Strong & Streamlined**
Lightweight, attractive product with a rolled edge that is designed to withstand a back of house environment.

**5 Year Edge Chip Warranty**
Covered by our 5 Year Edge Chip Warranty. Denotes items covered by the warranty.

**Microwave & Dishwasher Safe**

BAMBOO CUTLERY FEATURES & BENEFITS

**Design Innovation**
Exclusively designed in-house by Churchill in the UK.

**Perfect Partner to Churchill’s Ceramics**
Designed to complement the extensive Churchill ceramic portfolio.

**High Polished Finish**
Polished to an exceptional, high mirror finish.

**Finest Quality 18/10 Stainless Steel**
Manufactured in high quality 18/10 Stainless Steel.

**Tested to British Quality Standards**
Tested to BS EN 130 642:1998 (Food safety, corrosion resistance, hardness of knife blades).

**Dishwasher Safe**
