Studio Prints collections are a contemporary take on traditional studio pottery and celebrate the creative history of ceramics. Manufactured in the UK, Studio Prints are achieved with Churchill’s print process. The print is positioned directly under the glaze, creating a protective layer over the decoration. Studio Prints currently features two ranges, Homespun, which emulates traditional rustic hand thrown textures and sophisticated Raku, which was inspired by traditional glazing techniques. Both ranges provide all of the durability and technical reassurance required for a hospitality environment.
The collection offers a blend of contemporary sophistication and nostalgia. The natural colours and subtle pattern complement a wide selection of cooking and dining styles, showcasing the freshest ingredients and enhancing food presentation.
Homespun
Revival

Made in England, Homespun is an underglaze print design with a hand applied edge band, which adds authenticity to the range as each piece is unique. The range has all of the professional performance benefits of our super vitrified products.
Raku, is inspired by the traditional glazing process known as Raku firing which creates expressive and exciting results. Raku showcases reactive texture through print.

A stunning high performance product inspired by authentic reactive glazing processes.
Made in England, Raku inspired prints are achieved with Churchill’s innovative print process. The print is positioned directly under the glaze, creating a protective layer over the decoration. Each piece is unique as the reactive print acquires its beautiful colour through random, spontaneous effects. Emulating an artisan glaze finish, Studio Prints Raku has all of the durability and technical reassurance required for the hospitality environment.

**Super Vitrified Body**
Super vitrified is a vitreous body that does not absorb moisture, it is more hygienic and has better heat retention properties. Its high resistance to thermal shock helps reduce breakages and provides superior strength.

**Superior Glaze Finish**
Protected by our ecoglaze, a high performance glaze that enhances product performance, prolonging the life of the product, improving stain and metal mark resistance and durability.

**Underglaze Decoration**
Homespun designs are printed underglaze, this creates a protective layer to add lasting durability and improve performance during service use.

**Hand Decorated Edge Band**
Homespun products are finished with a hand applied edge band to add to the rustic charm and individuality of each piece.

**Fully Glazed Base on all Flatware**
Prevents damage when stacking.
