Stonecast® Patina

Stonecast Patina is an exciting collection of innovative hand decorated products from Churchill, inspired by tones and surface texture created naturally over time, shaped on materials such as metal, stone, leather and wood. Stonecast Patina is available in four stunning hand painted reactive colours. The nature of the manufacturing process means that every piece will be slightly different, adding to the overall charm of the product.
Stonecast Patina is a modern interpretation of the antique sheen effect created by aging. The new is revealed through the old. The range complements all types of food adding value and authenticity to the overall presentation.
The nature of the manufacturing process means that each piece will be slightly different, adding to the overall charm of the product. With a range of technical attributes, Stonecast Patina is designed to withstand the rigours of a back of house hospitality environment.
In a range of stunning shapes, Stonecast Patina allows you to be individual. Sophisticated Burnished Green and Antique Taupe provide the perfect neutral base for a wide range of fresh foods. Contemporary Iron Black provides a darker canvas and Vintage Copper adds warm, rich tones for creative presentation. Each piece is unique as the reactive colour is applied by hand, acquiring its rich sheen with random, spontaneous results.
