— COLLECTION —

Introducing Inked, a versatile collection of printed designs, from bold to understated, crafted to inspire your creative expression.

Designed & manufactured in the UK using the latest Digital Print technology, Inked is a performance tableware collection. Printed in-glaze, the decoration benefits from a protective layer of durable glaze to create a long-lasting product.

Designed to elevate food presentation, Inked celebrates Creativity, Versatility and Pattern - bringing vision to life.

Celestial Forms

Taking its name from the Lyra constellation, the collection features a distinct starburst design across two colourways. Framed by its cosmic pattern, Lyra allows for creative freedom combining decorative pattern with white space.

VELLUM®
SEMI MATTE GLAZE

Features & Benefits

Super Vitrified Body

Super Vitrified is a vitreous body that does not absorb moisture, is more hygienic and has better heat retention properties. Its high resistance to thermal shock helps to reduce breakages. Its properties provide superior strength.

Superior Glaze Finish

Protected by ecoglaze, a high performance glaze that enhances product performance, prolonging the life of the product, improving stain and metal mark resistance and durability. Excellent stability prevents thermal shock and crazing.

In-glaze Decoration

The glaze creates a protective layer to add lasting durability and improve performance during service use.

Decoration Process

Due to the nature of the decorating process, tonal variation can be expected, making each piece unique.
