Culinary Prestige

Designed for the most luxurious and finely plated dishes, the timeless sculptural pieces of Ambience fine china bring an elegance and refinement to the table. A flawless white canvas, the collection enhances culinary presentation, highlighting every element of the dish.

Simplistic Luxury

Minimalist platforms for the finest ingredients and most striking presentations, the refined shapes of Balance allow a chef's creativity to shine. Elegant coupe forms are contemporary, versatile and timeless, making them perfect for modern gastronomy.

Statement Designs

Transform every dish into a work of art with Alchemy Abstract. Sculptural, design-led forms create a striking, contemporary frame for modern plating. Bold and distinctive, these statement pieces bring presence and impact to the table.

Dark Elegance

Bold, moody colours create a dramatic foundation for modern plating. Designed to make an impression, statement pieces in Alchemy Smoke or Inked Lumé brings depth and intensity to the table, providing the perfect dark canvas to contrast vibrant ingredients against.

Timeless

Details

Elegant forms are enriched with finely embossed details, adding texture and quiet sophistication to the table. Timeless in style yet subtly contemporary, these refined pieces create an elegant canvas for beautifully presented dishes.

Contemporary Colour

Modern patterns and subtle shades of colour introduce a contemporary accent to fine dining tables. Presented on elevated shapes, these refined pieces are perfectly suited to delicate dishes made from the finest ingredients.

Organic Form

Perfectly attuned to nature, organic tableware shapes beautifully complement fresh ingredients and the natural world they come from. Soft curves and fluid forms create a relaxed yet refined canvas for expressive, ingredient-led plating.

Bespoke Design

Choose exclusive tableware that aligns with your brand and interior space, by commissioning an exclusive bespoke pattern.

Consult with our inhouse design team who will take inspiration from your brand identity to generate styles unique to your needs.

Commission Us

To explore a bespoke tableware design, speak with your local distributor or Churchill representative, or visit www.churchill1795.com to begin the conversation.

Design Consultation

Your Churchill representative will introduce our in-house design team to the project. Working from your initial brief, our expert designers will develop exclusive concepts inspired by your brand and interior design.

Artwork Approval

We will present several design concepts in a PDF for your review. Once a final design is selected, prototypes will be produced on your chosen tableware for approval.

Delivery Day

Following approval of a fired sample and receipt of a full order, we will proceed to production. Lead-times can vary depending on the size of your project, therefore we will advise on an estimated delivery once your order has been placed.

Banded

Made to Order

Timeless and sophisticated, hand-painted edge bands bring a refined touch of elegance to your tableware.

Applied in real gold, platinum, silver, or a colour of your choice, they add subtle luxury and a beautifully finished detail.
